Babson Discusses

Airlines

By Roger Babson

NEW YORK CITY, Jan. 17 — Have had an unfortunate experience at La Guardia Airport in New York City where I waited for 6 a. m. for a plane due to leave for the South at 7:30 a. m. Then at the very last minute it was announced that "due to weather conditions" the flight had been cancelled. I immediately to the Pennsylvania Station to get a Pullman berth. There I was told that all space had been sold for two weeks ahead. Let me further add that, although I had my plane reservations two weeks in advance, I would now have to wait another two weeks before getting another plane seat.

Air travel is marvelous when the weather is good and there are plenty of planes; but this winter on long routes it is terrible. For runs over 400 miles I advise readers to engage Pullman accommodations and not depend upon airlines. The same general principles may also apply to airplane stocks as an investment. For a few years they should have good earnings and much glamour; but then look out! They may be as

Fewer Births, Deaths in '45

Although there was an increase in marriage intentions filed at the office of Town Clerk Earl A. Ryder during the past year, records for the year show a sharp drop in the number of births as well as deaths.

A total of 438 marriage intentions were filed last year as compared with 401 in 1944. Births in 1945 totaled 624 while 801 were recorded in 1944. The number of deaths in Arlington last year was 483 compared with 536 the previous year.

2-Day Drive in Jeep Ends With Reunion Of Atwood Brothers

When Pfc. Newton E. Atwood of 61 Harlow st., a veteran of three years service in the Infantry, learned that his brother, Pvt. Byron G. Pfc. Atwood, after a two-day drive in the jeep, reached Coburg, Germany where the brothers were reunited on New Year's day, according to a letter received by their parents, Mr. and Mrs. Howard N. Atwood. Both servicemen are graduates of Arlington High School.

Christmas Seal Sale in Arlington Reaches \$4,563

Contributions received from the 1945 sale of Christmas Seals now total \$4,563.08. Mrs. Alfred Yood, chairman of the Arlington Tuberculosis Committee, announced this week that this shows good support by the people of this community, but last year's total has not yet been reached.

Mrs. Yood and the committee feel that many people who forget to make early returns think that it is too late to do so now. To correct this idea post card reminders are now being sent to those from whom no reply has been received.

All money taken in during the next few weeks will be used to finance the 1946 program of tuberculosis prevention and control.

business an investor must buy stocks of 300 different railroads. But he can buy on interest in 75% of the total air business by buying the stocks of only seven airline companies. These are American Airlines, Eastern Airlines, United Airlines, T. W. A., Pan-American, Northwestern and Penn. Central. Yet, this advantage cannot justify the big rise in prices which all have had during the past ten years.

Inflation Possibilities
Airplane stocks are no good as "inflation" hedges. They are poor "socialistic" hedges. Their value lies with the probability of huge earnings during the next few years; but then look out. Although very popular they can be very risky for the long-pull investor. Better keep your money on the ground rather than in the air! Personally, I am not keen for anything that operates on wheels and that depends upon franchises or public regulations.

The best inflation hedge is good fertile Mother Earth upon which you can live—near enough to a small city where you can get a job or have a small business of your own. The next best is a family of God-fearing children, each educated to some one profession or trade. Money invested in good land, good children and good education is far safer than in the stocks of any company operating on the ground, above the ground or under the ground!

W. C. T. U. Meets

Fatal Crash
(Continued from Page One)
ded on the wet pavement, hit the curb and then sideswiped a tree in front of 160 Pleasant st. Out of control, the automobile finally crashed against a second tree.

Edward A. Richards of 163 Pleasant st., who heard the crash, telephoned the police. The town ambulance was sent to the scene.

Police, who also responded in a woman thrown partly out of the wrecked car while her husband was wedged between the steering wheel and the back of the seat. It was necessary to rip open the top of the car to remove the Belmont man from the wreckage. Both victims, who were unconscious, were rushed to the local hospital in the ambulance. Both suffered fractured skulls. Dick's parents, Mr. and Mrs. William J. Dick of 31 Willow st., Belmont, were notified of the accident by Belmont police.

The wrecked car was towed to a garage later Saturday night.

Survived Bomber Crash
Dick, a veteran of two and a half years' service in the Air Force, was discharged as a sergeant last August after three months in a hospital in England following a mission in which most of his crew-mates were killed. He was a tail gunner on a B-26.

He was born in Cambridge but later moved to Belmont where he was graduated from Belmont High School. He played football while studying there. At the time of his death, he was an employee of the Hood Rubber Company.

Besides his wife, he leaves a son, William C. Dick, 2, his parents, and two brothers, Capt. Norman Dick, USA, former football and track star at Belmont High School; and Kenneth Dick, U. S. Navy.

Funeral services were held Wednesday afternoon at the Short and Williamson Chapel, Belmont, and burial was in the Belmont Cemetery.

Several other automobile accidents have happened in the vicinity of Saturday night's fatal crash.

Local Girl Scouts Honor 4 Citizens

Four prominent citizens of Arlington were given "Thanks Badges" at the annual meeting of the Arlington Girl Scouts on Monday evening.

Harold A. Yeames, Albert Winderly, Roderick Peters, and Irving Poole received these awards from Mrs. James A. Bailey, who told of the individual service each had given in assisting the Camp Committee of the Council. They have furnished manual labor, legal and other advice, paint supplies, and moral backing in the building of Camp Menotomy.

Officers for the ensuing year were elected by the Girl Scout Council and the Leaders' Association. Mrs. Mrs. Ruberta Norris will again be Commissioner of the Council, assisted by Mrs. Justin McCarthy, deputy Commissioner, Mrs. G. Howard Allen, secretary and Mrs. Frederick Hill, treasurer. The leaders elected Mrs. Philip Card, president; Mrs. Roy Spencer, vice president; Mrs. W. Snyder, corresponding secretary; Mrs. Franklin Moore, recording secretary; and Mrs. P. S. Cooke, treasurer.

Mrs. Kathleen Pearce gave the annual report assisted by Mrs. Z. J. Kord, Juliette Low Member of the Council, Miss Adella Wallace of the Hospital Aides, and a choral reading group from Troop 20.

Mrs. Justin McCarthy, chairman of the program committee awarded five-year pins to Mrs. A. E. Pickell, Mrs. Harry Taylor, and Mrs. J. P. Bower and a ten-year pin to Mrs. L. T. Kewer for their volunteer service to Girl Scouts of Arlington. Three Hospital Aides received insignia: JoAnne Calley a cap for 35 hours service and Marjorie Cree and Adella Wallace stripes for over 70 hours of work at Symmes Arlington Hospital.

Dr. F. Alexander Magoun, gave a

very interesting talk on the needs of children today — stressing the love and the understanding of parents as essential. Both parents and children need to be educated in human relationship, he said.

Following a question period, refreshments were served by Mrs. Forrest Cameron and Mrs. Edward Clark of the Council.

Mrs. Chester Ginder has been appointed new chairman for adult membership and Mrs. Arthur Davidson, chairman of the committee of awards, in the Arlington Council of Camp Fire Girls.

This evening, the leaders and assistants at the Peirce School will enjoy a get-together at the home of Mrs. Max Frederick, Peter Tufts road.

A training class for leaders, and the Guardians Association meeting at which new officers for 1946 will be installed for Tuesday, Jan. 29 at the Robbins Library hall from 10 a.m. to 5 p.m.

The Rose Bluebird group at the Cutter School made an educational tour of the Fire Station recently.

Mr. Mark Addresses Church Women's Group

More than 60 members of the Women's Society of Calvary Methodist Church, as well as men of the church as guests, attended the society's meeting last Thursday evening.

A devotional program was presented under the leadership of Mrs. Redvers Scott. Mrs. Norman Walkinshaw presided at the business meeting.

The guest speaker, Rev. John Nicol Mark was introduced by Rev. Charles Pedersen. The audience was thoroughly entertained, first, with Rev. Mark's delightful, humorous stories; then, speaking in a more serious vein on "Preserving Our New England Heritage" he explained the influence of New England on the remainder of the country.

Refreshments were served by Social Circle. Mrs. Guy Davis, chairman.

Chaplain Hall to Speak Here

Next Tuesday, Chaplain Raymond Hall will speak to the Junior Guild of Saint John's Church.

Maj. Hall was chaplain of the 502nd Parachute Infantry, 101st Airborne Division and was the first chaplain to land in Normandy with the troop on D-Day. After many days of hardship and fighting he was wounded and returned to England. Later he rejoined his division parachuting into Arnhem. He was taken prisoner by the Germans and after several months escaped to Russia and eventually was freed.

He holds the Purple Heart, Presidential Citation and many battle stars. Chaplain Hall is now Chaplain and director of the Seaman's Club in Boston.

Do You Know Him?

The Department of Veterans' Services has enlisted the aid of the NEWS in locating the next of kin of a serviceman by the name of John F. Harrington, who died of wounds in a Swedish hospital about 1½ years ago. At the time of his death, he is said to have given Arlington as his home. His name does not appear on local records, however, according to Arlington officials.

Mr. Harrington's personal effects will be returned to his next of kin, if located. Any possible information should be given Mr. Fitzgerald at ARL. 6694.

—Paul Dorion, son of Dr. and Mrs. M. A. Dorion, 138 Gray street, and Melford Hamilton, son of Mr. and Mrs. Roy C. Hamilton, 25 Fairview avenue, have been named by the faculty and the Student Council of Tilton School, of which they are members, as active organizers of the Winter Carnival which will take place Feb. 1, 2, and 3.

Arlington Edges Newton, 4 to 3

Coach Charlie Downes' Arlington High School hockey sextet returned to the win column Saturday afternoon when it handed Newton a 4 to 3 setback.

The victory was more decisive than the one-point margin would indicate. The Red and Gray skaters had a 4 to 1 lead with only two and a half minutes to play when Bob Cashman was penalized and Newton scored twice in 10 seconds. Both plays were identical. Connelly to Dennison and Connelly to Esposito, with Hardin in the nets for Arlington.

The Newton scoring spree was short-lived, however, when the Arlington first team returned to the ice for the final two minutes of the game.

WHAT IS ADEQUATE MEDICAL CARE?

In a recent address, Dr. Roger I. Lee of Boston, President of the American Medical Association, said: "There have been many clarion shouts that medical care in the United States is inadequate. . . . But as far as I know no one has attempted to redefine adequate medical care. . . .

"In 1936 untrained investigators asked people in a house to house survey if they had medical care. If the people said 'No,' they were recorded as not having adequate medical care. Or if they didn't like their medical care or they thought it was inadequate, then they were recorded as having inadequate medical care. Resulting records were broadcast all over the land and were described as indicative of a melancholy and parlous state of inadequacy of medical care and of callous neglect by the medical profession.

"More recently there have been highly colored statements regarding the large percentage of rejections for physical defects in connection with the operation of the Selective Service Act. The figures call for careful examination and considered action. Many of the defects have no relation to medical care, adequate or inadequate. Nature does not uniformly produce perfect fruit, be it babies, puppies, calves or apples. If children are very near sighted or astigmatic, adequate medical care demands glasses for the correction; but the Army or the Navy decides whether or not it wants such an individual. . . .

Dr. Lee points out that the rapid advancement in medical science makes what might be considered adequate medical care today completely out of date and inadequate a year hence. For example, sulfa drugs, penicillin, modern obstetrics and countless other medical developments have made what some might claim adequate or inadequate medical care in 1936 wholly out of date. Furthermore it is altogether probable that the average individual would be incompetent to state whether or not he had adequate medical care, due to his lack of knowledge of medical progress.

With so much ignorance on such an important subject, it is easy for politically minded reformers to propose plans for socialized medicine which are appealing in their unconscious misrepresentation to an uninformed public.

CAPITALISM OR SOCIALISM?

(Excerpts from an article by John T. Flynn in the January issue of Reader's Digest. Mr. Flynn is a member of the Board of Higher Education in New York City, a trustee of the Junior College of Commerce in New Haven, Conn., and author of several books on business.)

The public debt when it was half its present size (of 262 million dollars) was a terrific load on our economic system. It is now a mountainous load. Of course if the Government contrives by freak devices to borrow more, it can hire people. But it will not permanently increase the number of employed because, unless we find some means of dealing with the debt as it is, the greatest of job-making institutions will go into progressive decline—that is, the institution of private enterprise which in reality creates all the jobs and pays the wages of all the jobs, including jobs in Government which must be paid for with the taxes from private industry.

Of course everyone is for a country where every man willing to work can find employment. But we are also for a country where every man who is willing and able to create work by creating a job-giving enterprise, can find the opportunity to do it. While we cry out for employment and jobs for all, we carry on an incessant warfare upon the job-makers,

the enterprise builders, the employing industries of the nation. The plan to create full employment by a Government guarantee backed by Government borrowing is not a plan to make jobs for all, but a plan that will create unemployment because it will bankrupt private industry and ultimately bankrupt the Government itself.

We must recognize that we cannot service the present debt unless the dollar income of the nation is increased.

We must recognize that the federal government is soon going to be broke, but that the states have been living on fat supplied by the federal expenditures. Most important of all, we must set about at once examining our whole social structure to determine what Government, labor, industry, states and cities are doing that is crippling the productive energies of the country. We must unchain private industry and take the Government, the labor restrictionist off its back.

We must choose between capitalism and socialism. We cannot have both. And if we want a system of private ownership under which alone it is possible for men to have freedom, we must do the things that will make that system work.

THE FIFTH FREEDOM

Every good American cherishes the Four Freedoms contained in the now-famous Atlantic Charter: Freedom of Speech, Freedom of Worship, Freedom from Want, Freedom from Fear.

There is another freedom for which all humanity is fighting. Freedom from Disease.

One of the most feared and most insidious diseases that annually threatens this nation is infantile paralysis. It is high on the list of Public Enemies because its victims are chiefly children under 16.

Infantile paralysis—the Great Crippler—is no respecter of persons. It strikes rich and poor alike, white and black, Catholic, Protestant and Jew.

Through contributions to the March of Dimes, conducted January 14-31 by the National Foundation for Infantile Paralysis, you can help bring the Fifth Freedom closer.

The NEWS OBSERVES

Junior High School boys have found a new "game" in jumping on moving freight cars as they pass the Lake st., crossing, according to a complaint made to the police this week. These youngsters are flirting with danger; a fall from a moving car might mean the loss of an arm or a leg. Again, it seems to be up to the parents to lay down the law.

The Salvation Army's spiritual effort for 1946 will be called the "Christ for the Nation" crusade. This year the crusade will be divided into three distinct periods: one, January through March; two, June through August; and three, October and November.

Commissioner Ernest J. Pugmire, territorial commander, states, "Our nation has just emerged victorious from a tragic war. People are anxious for permanent peace, yet we find on every hand strivings and contentions. These conditions which make true peace impossible, will not and cannot improve until the hearts of men and women are changed and their lives transformed by the power of the living God. Then, and only then, will lasting peace prevail."

"Absence of any major epidemic of disease marked the year," Dr. Merrill E. Champion, acting director of the division of communicable disease of the State Department of Public Health reported this week. Although a considerable increase in polio cases was reported during 1945, he said, the year's total of 534 cases falls far below the 1,390 cases reported in 1935—Massachusetts' last epidemic year.

Dr. Champion revealed that during nearly four years of war, the incidence of communicable diseases here showed a marked decrease. "In fact, the Bay State has emerged one of the healthiest states in the country," he said, "despite wartime shortages, the return of veterans from malaria-infested areas, and the desperate shortage of skilled public health workers."

To the skill of the pipes and the swirl of the kilts, Greater Boston Society will celebrate the 157th anniversary of the birth of Robert Burns at the Hotel Statler, Friday night, Jan. 25, when the Boston Caledonian Club will hold its 92nd annual observance of the event with a grand concert followed by a dance. It is the Scots' greatest social function of the year.

The Spring Flower Show of the Massachusetts Horticultural Society this year returns to its peacetime beauty and abundance, says Arno H. Nehrling, director of exhibitions for the society, in announcing that the event will once again be held in Mechanics Building, Boston, from March 18 to 23 inclusive.

This is the diamond jubilee of the spring flower show the first of which was held in a tent on

Boston Common 75 years ago. To mark the anniversary and to celebrate the return to peace, the Society has planned one of the most lavish colorful and beautiful shows in its history.

Maj. Saunders Resumes Practice Next Week

Maj. Gordon A. Saunders and Mrs. Saunders are spending two weeks at Nassau and will return to Arlington early next week when Dr. Saunders will resume medical practice at 50 Pleasant st., as well as his former position as instructor in medicine at Harvard Medical School.

Dr. Saunders was discharged from the Army Medical Corps on Dec. 18 to terminal leave as a Major. He was on duty 47 months of which 39 were in the European war theatre. He served with three hospital units, including the Fifth General Hospital (Harvard unit).

PTA Thanks the NEWS

Dear Mr. Mansfield,
The Arlington Council of Parent-Teacher Association wishes to express its sincere thanks to the Arlington News for its recent news article and editorial concerning the removal of snow from sidewalks in the interests of the safety of our school children—and, indeed, of all our citizens.

We are deeply grateful for the fact that you have brought the potential danger of unplowed sidewalks to the attention of all the residents of our town. We feel that your pointed editorial will be a spur to the Town Officials to resume as soon possible the former practice of plowing the sidewalks, and to civic and moral responsibility of clearing a path in front of their homes.

Very truly yours,
Helen F. Reynolds,
Corresponding Secretary.

Prof. Whitehead to Address Class on 'Britain Today'

Professor Whitehead, Master of Arts in Economics at Trinity College, Cambridge, England and a graduate of various engineering courses at London University, will speak before the Men's Class of the First Baptist Church at 12 noon next Sunday. His subject will be "Britain Today".

With the recent turnover of governmental control in England, the subject gives promise of a most interesting hour.
During World War I, Professor Whitehead served with the British Army in France and East Africa. From 1921 to 1931 he served the British Admiralty as scientific officer. In 1931 he was given a Professorship at Harvard Business Administration School and was granted a leave of absence in 1940 to become advisor on American affairs to the British foreign office in London. During World War II he made numerous trips between London and Washington. He has recently returned to Harvard.

All men of Arlington are invited to hear Professor Whitehead.

HAPPY NEW YEAR — and may 1946 bring you peaceful happiness as we all get back into the groove of every day civilian peacetime pursuits.

Here at Bayburn, we are planning better and more service during the coming year. Although we feature the 20% savings by customers' trading at our Drive in Stations, we are increasing our delivery service with returning GI's becoming "delivery agents." Another returned Marine, starts out this month and if the man who comes to your house is unusually tall, dark, and handsome, — it's probably the new agent.

"Even dress is apt to inflame a man's opinion of himself." ... Homer

JUST KIDDING OURSELVES!

Suppose everybody got a 30 per cent raise!

Prices on everything might be in danger of going 30 per cent higher, and we would all be right back where we started. The raises would not mean a darn thing.

What we really need is for everybody to produce, say 30 per cent more and to keep prices about the same.

Then our present incomes would buy 30 per cent more than now, and it would amount to a 30 per cent raise that would really mean something to everybody.

We just learned the other day that the Arlington Fire Department does not have a mutual benefit association as does the Police Department. There's always that uncertainty, when a fire alarm comes in, whether it's a trivial affair or an inferno where someone is going to get hurt.

We suggest that some of Arlington's civic minded go-getters help organize and get such an association rolling.

SOME RETURNING VETERANS are not too sure that there is available sufficient local employment to let them work in Arlington. If YOU know of any local job suited to a returning veteran, give the details to Mr. Armour, the Veteran's Counsel, by phoning him at his office in the Robbins House—Arlington 6694. Competent men are seeking jobs and they appreciate Arlington jobs being reported to the Advisory Center.

HERE'S A SOBERING THOUGHT:—Man makes an Atomic Bomb. Yes, but he can't make an apple.

A conversation between women always concerns who, why, when, and wear... so we suggest that folks wear CLEAN clothes and notice that we celebrate our 30th birthday year with an "any-three-dress" cleaning sale which lasts till March 2, 1946. Again—Happy New Year!

Yours for cleaner living since 1916—

Betty

Clothing Collection Sunday Afternoon

With a fleet of 17 trucks at their disposal, volunteers of the Arlington Victory Clothing Collection for Overseas Relief will take part in a townwide collection of used clothing next Sunday afternoon.

The trucks will assemble at a central point shortly after noon and will begin collections at 1 p.m. with Joseph F. Quinn acting as despatcher. The collection will be under the direction of Henry E. Keenan, general chairman of the Arlington committee.

Arlington civic and fraternal organizations, which are giving even more enthusiastic support than in last year's collection of clothing, will assign representatives to the Sunday afternoon task which will continue until 4:30 p.m. Many of these groups have already undertaken to collect clothing at one central point for easier handling next Sunday.

In the event that some homes are missed, those who have a bundle of clothing that remains uncollected after 4:30 p.m. next Sunday, are asked to call ARL 0900, and the clothing will be picked up.

Many Collection Depots. Those who wish to dispose of clothing before the collection may drop their bundles at either the postoffice, Arlington theatres, the Boston Edison Shop, fire stations or any other collection depot listed elsewhere in today's NEWS.

The Arlington collection is spearheaded by the Rotary, Kiwanis, and Lions Club, and the Arlington Chamber of Commerce.

Clothing collected next Sunday will be immediately loaded onto a freight car at the B. & M. railroad siding off Water st.

More than 90,000,000 Americans have been mobilized in 11,078 cities, towns, and villages throughout the nation to help war sufferers overseas, according to Henry J. Kaiser, national chairman of the Victory Clothing Collection, which is now under way.

He called the effort to collect 100,000,000 serviceable, used garments, in addition to shoes and bedding, one of the most far-flung operations ever organized to aid humanity. The collection, which will continue through Jan. 31, has the support of 93 national organizations representing 562,000 local members of 79,500,000 members, chapters or units, and comprising the cooperating groups include educational, youth, and women's organizations, service clubs, labor groups, veterans, fraternal and farm organizations. Church groups of all faiths, represented by more than 125,000 churches, parishes, and synagogues with memberships totaling 69,641,000 are also cooperating in local

Army Opens New Recruiting Station

Women Hear Talk On Soviet Politics

The first of three meetings sponsored by the International Relations Committee of the Arlington Women's Club was held last Thursday morning in the Junior Library Hall.

A social hour was enjoyed Mrs. Morand F. Caldwell sang several songs. Mrs. Andrew Magnus, chairman of the committee, welcomed the guests.

Mrs. Harvey Abbott introduced the speaker, Professor Struik of M.I.T., who gave a very interesting talk on Russia. He emphasized the similarity of the form of government between the Soviet Union and the United States, but pointed out that much of the government in Russia is run by well known professional men such as artists, writers, etc. who take an especial interest in the running of their country, as compared to specialized politicians.

UNIVERSITY THEATRE

The newest Hal Wallis offering under the Paramount banner is "Love Letters," co-starring vehicle for Jennifer Jones and Joseph Cotten, which opens Sunday at the University Theatre. Ann Richards, Anita Louise, Cecil Kellaway, Gladys Cooper and Robert Sully also figure prominently in the cast.

A glance at the players named is ample assurance that Producer Wallis has turned out another quality production. At the directional helm was veteran director William Dieterle, who has reputedly done a very fine job. The story, adapted for the screen by Ayn Rand, author of "The Fountainhead," is, previewers say, one of the strangest, most compelling love stories ever filmed. It is motivated by a collection of love letters written by one man over another's signature. Such is the nature of these letters that they inspire romance and murder in breathless succession.

"Mexicana," the companion film, features Tito Guizar and Constance Moore.

Drama Friends Hosts at Party to 60 Children

The Arlington Friends of the Drama held open house at the clubhouse on a recent afternoon, the occasion being a New Year party with the members' children and grandchildren as special guests.

Mrs. David R. Kennedy greeted the children and then presided at the brief business meeting which preceded the entertainment.

The fascinating tale of Jack and the Beanstalk, presented by club scouts of Den 6, Pack 86 of Arlington, delighted the children and the grown-ups as well. Expertly man-

ipulating marionettes which they had themselves constructed the cubs put on a show of professional caliber. Their small stage, beautifully curtained and lighted, their scenery, some of it sliding on rollers to give the effect of moving landscape, and their props—all of these were built by the boys themselves, under the guidance and direction of their Den Mother and Den Dad, Mr. and Mrs. Charles Frederick.

The audience demanded and received an encore, an amusing little marionette pantomime of two lads and a girl at dancing school. The cubs who took a well-deserved bow were: Leslie Frederick, Robert Englund, Robert Casalon, Richard Carlson, Charles Breen, Walter Galvin, John Galvin and Stanton Waite.

Following the entertainment, cookies, punch and lollipops were served to the children, under the

supervision of Mr. and Mrs. Russell T. Hamlet, the grown-ups meanwhile enjoying coffee and sandwiches offered by Miss Bernadine Brooks and a large committee. Miss Eunice Nelson and Miss Virginia Brooks poured.

Parents and grandparents had a most happy hour getting acquainted with the many little girls and boys who were present. Youngest of the guests was Miss Jane Lindberg, six months' old daughter of Mr. and Mrs. Warren Lindberg and granddaughter of Dr. & Mrs. David Kennedy. Running her close second for attention was 13 months old Dierdre Mulholland, the daughter of Mr. and Mrs. John Mulholland, granddaughter of Mr. and Mrs. Ernest Llewellyn, and great-granddaughter of Mrs. Fanny Osborne.

Honors for having the largest family of youngsters present went to Mr. and Mrs. Donald Buck, who introduced their friends to Patricia, Randall, Susan, Alison, Alicia and Lowell Buck, and still left one baby at home in reserve! The five little Centers were all present, arriving under the watchful eye of their paternal grandmother, Mrs. Harry B. Center, to join their parents, Mr. and Mrs. Edward W. Center. Mrs. Trisie McCormack had four grandchildren in tow: Hugh, Andrew, and Donald Gurney and Penny Barbour, the latter all the way from Philadelphia. Several families boasted of three small guests, among them Mr. and Mrs. Dick Rice, who brought their handsome boys, Richard, Peter and Keith. Upholding the feminine balance were Marianne, Frances and Barbara Wood, daughters of Mr. and Mrs. Leonard Wood and granddaughters of Mr. and Mrs. Harold B. Wood.

Among the other children present were: Edward Bullock, Elaine and Carol Finley, Eleanor Nelson, Jean Adams, Alice Percy, Peter and Patricia Coolidge, Joyce Campbell, Robert, Myron, and Edith Harmon, Shirley Wheeler, Carl Thoren, 3rd, Donald and David Falk, Sandy and Robert Houghton, Sandra MacEwen, Marcia Dickey, Sandra Snow, Stanton Hamlet, Sally Malouf, Roberta Egan, Russell and Mike Berry, Constance Cahalin, Joyce Pinkham, Charlotte and Chris Thomson, James Mansfield, Donald Avery, Teddy and Diana Mansfield, Peter Clifford, Helen Lyman, Nancy Thompson, Harriet Thompson and Lois Lindberg.

—CM Paul A. Egan, 38, of 72 Randolph st., has been honorably discharged from the U. S. Navy.

Minstrel Show Due Feb. 6, 7

There will be a minstrel show at the Robbins Town Hall on Feb. 6 and 7 sponsored by the Arlington Knights of Columbus and the Catholic Daughters of Arlington. Leon Mayer, one of Boston's most popular minstrel show directors, has been engaged to stage the show.

Rehearsals have been held for the past month and all indications point to a very entertaining show. Mr. Mayer has selected an all-Arlington cast.

Ross Lo Presti, Huck Dolan, Ruth Dennen, Kay Campbell, "Cracker" O'Keefe, John Cronin and Frances Ahearn are back again. New faces in the cast include Eddie Carr, Al Dolan, Ruth McDonald, Terry O'Brien, the Langley Twins, the Hogan Sisters, Nan Powers, Patricia Murray, Jimmy Kennedy, Joe Casey and Irene O'Brien.

Tickets are now available from members of the Knights of Columbus or the Catholic Daughters.
